Teletherapy Consent Form

- 1. Teletherapy is the delivery of psychological treatment and consultation provided through interactive internet technologies where the client and the clinician are not in the same physical location.
- **2.** Clients are expected to attend scheduled therapy sessions and require a minimum of 24 hours notice for cancellation and reschedule.
- **3.** A lack of access to the information that might be achieved in a face-to-face visit but not in a teletherapy session may result in errors in psychological judgment.
- **4.** There might be a risk of deficiencies, delays, or failures during the transfer of services due to electronic circumstances.
- **5.** Teletherapy does not provide emergency service.
- **6.** All information provided by the client will be held confidential and will not be disclosed without permission except where disclosure is required by law. The electronic systems that are used throughout the service incorporate network and software security encryption protocols in order to protect the confidentiality of client information and data.
